Whereas: The Province of Prince Edward Island's Climate Challenge Fund provides financial support to municipalities for projects that reduce greenhouse gas emissions, strengthen climate resilience and align with the goals and objectives of the Province's Net Zero Framework and the Building Resilience: Climate Action Plan;

And Whereas: The Town's Environment and Sustainability Committee has identified the development of a Forest Management Plan as a priority initiative to guide tree protection, management, and canopy enhancement throughout the community;

And Whereas: the proposed Forest Management Plan will assist the Town in promoting long-term environmental stewardship and sustainable planning practices;

Therefore, Be it Resolved: That the Town of Cornwall authorize staff to apply to the Province of Prince Edward Island's Climate Challenge Fund for the development of a Forest Management Plan.
